Aplicaciones - Uses

Mantenimiento y Limpieza - Care and Cleaning

Para mantener los tapizados como nuevos, se recomienda limpiarlo de forma regular con un paño seco o humedecido en agua templada o pasando el aspirador a potencia suave. Protegerlo de la exposición directa al sol y de las fuentes de calor e intentar evitar el contacto con la humedad.

Es importante actuar sobre las manchas de forma inmediata para que no se absorban. Para manchas persistentes como la tinta de bolígrafo o rotuladores utilizar un paño humedecido en agua templada y un poco de alcohol, vinagre blanco o algodón con leche desmaquillante. Para manchas clásicas como tomate, chocolate, café, aceite y refrescos, utilizar un paño húmedo con jabón PH neutro.

Nunca frote ni rasque la mancha, ni la presione agresivamente.

Evitar disolventes con cloro o alcohol, aerosoles, limpiacristales, betunes, ceras y cualquier producto con contenido químico. Tampoco se recomiendan las toallitas de bebé o las desmaquillantes.

No aplicar espuma seca, ya que alteraría el tratamiento de protección.

In order to keep your upholstery in the best condition possible we recommend periodical cleaning with a dry cloth or with a damp cloth as well as using a vacuum cleaner at mid power. Keep away from direct sun exposure and heat sources and avoid contact with moisture.

It is very important to remove the stains as soon as possible to avoid penetration of the stains. For the removal of stains that are hard to clean, such as pens or markers, we advise the use of a damp cloth with rubbing alcohol, white vinegar or cotton pads with makeup removal. For daily use stains, such as tomato sauce, chocolate, coffee, oil or soft drinks, we advise the use of neutral PH soap.

Never rub or scratch the stain, or press it aggressively.

Avoid solvents with chlorine or alcohol, aerosols, window cleaners, bitumens, waxes and any product with chemical content. Baby wipes or make-up removers are not recommended either.

Do not apply dry foam, as it would alter the protection treatment.
